

SUPA GRUNT

Premium 18% Pig Grower Mash

We know what the porkers need to pack on the meat so that is why we put together a specialised meal just for them. High in protein and highly palatable and digestible, this mash is formulated for optimal health, growth and production at all stages of a pig's life. And there are no inferior by-products like palm kernel, just quality NZ grains manufactured to our renowned standard. This is a recommended dry feed but can be mixed with milk or water.
