

SUPA CHICK

Premium Chick Starter Mash

Supa Chick is a premium high protein chick starter mash that ensures any of your chicks including quail, wild birds and meat birds have the best possible start to life to build up to a strong and healthy point of lay. Using premium NZ grown maize as the base to this feed, Supa Chick offers a balance of protein, carbohydrates, fats, vitamins and minerals to promote muscle, bone and feather development. As a complete feed, Supa Chick is formulated to provide all the nutrients needed for a great start in life, incorporating Bovatec® as a coccidiostat.

Contains 80mg/kg of feed (equivalent to 400 grams per ton of feed) of Lasalocid Sodium (Bovatec) as prevention of coccidiosis caused by Eimeria species in poultry. Withholding Period > Meat: Nil. Eggs: 14 days. Do not feed with other lonophores e.g. monensin capsules, liquid or premix as ingestion by these may be fatal. Care must be taken when feeding concurrently with other antimicrobials.

SIMPLY THE BEST

TYPICAL ANALYSIS:

ME	14MJ/kg
PROTEIN	21%
FAT MIN	4.6%
FIBRE MIN	4.1%
CALCIUM	0.5%

INGREDIENTS SELECTED

FROM: Maize, Barley, Wheat, Oats, Peas, Soya Meal, DDG, Molasses, Salts, Lucerne Chaff, Vegetable Oils, Oaten Chaff, Cotton Seed Meal, Minerals + Vitamins, Betonite, Lime Flour

FEEDING

RECOMMENDATIONS:

Feed ad-lib. Suitable to feed to laying pullets up to 13 weeks. Blend with a SF layer feed from 13 weeks to 2 weeks prior to lay. Ensure clean drinking water is available.
